Speaker: Susan Ann Cornell, PharmD, CDE, FAPhA, FAADE

Dr. Cornell is also the assistant director of education and an assistant professor in the department of pharmacy practice at Midwestern University Chicago College of Pharmacy in Downers Grove, Illinois. Dr. Cornell received her Bachelor of Pharmacy at the University of Illinois, College of Pharmacy in 1986 and her Doctor of Pharmacy at Midwestern University in May of 2002. She has over 18 years of practice in community pharmacy where she practiced as a clinical pharmacist, diabetes educator and preceptor, as well as, the coordinator of Dominick's Pharmacy Diabetes Self-Management Education program which received ADA recognition in December of 2001. She received the 2005 Midwestern University Golden Apple Teaching Award and the 2003 Illinois Pharmacists Association, Pharmacist of the Year award. She is a faculty member for several speakers' bureaus and a counselor for the ADA Kids Summer Camp.

Target Audience: This program is accredited for pharmacists, nurses, and dietitians who work with and provide treatment for patients with diabetes.

Program Goal: The goal of this knowledge-based activity is to provide participants with the skills necessary to manage special situations that may arise in patients using insulin therapy.

Managing Insulin Therapy in Special Situations

This program is accredited for pharmacists, nurses, and dietitians who work with and provide treatment for patients with diabetes.

Program Objectives

Identify both frequently occurring and uncommon special situations that necessitate individually tailored insulin regimens for persons with type 2 diabetes.

2. Describe how self-monitoring of blood glucose can lead to improved diabetes self-management.
3. Discuss the appropriate insulin and insulin delivery methods for persons with special situations.
4. Identify key resources that provide guidance for developing insulin regimens for persons with special situations.

Important Notice

To obtain continuing education contact hours for this event, be sure to obtain the "Instruction Page" from the program planner. This Instruction Page will outline the process for completing online fulfillment and printing of your CE Statement of Credit.
